Crafty Ideas For The Bride On A Budget: 75 DIY Wedding Projects

Synopsis

In today's economic climate, savvy brides know they have to get crafty! From homemade invitations to handcrafted bouquets, table settings to keepsake gifts, here are 75 breathtaking projects for a wedding that's personalized, heartfelt, and money-smart. The gorgeous ideas include specially-made baskets and pillows for flower girls and ring bearers; monogrammed champagne flutes to toast the happy couple; an elegant guest book; a fondant cake to match each theme, and beautiful albums, frames, memory boxes, and scrapbook layouts to preserve wonderful memories forever.

Customer Reviews

Let me just start by saying this; if you are REALLY on a budget, make yourself a favor, save your money and don't buy this book. All the things were so outdated, it even tells you how to do a cake, but you pretty much have to have all the materials as a professional baker to make them. I think you would even spend more time buying all the equipment than just buying a cake. All the things in there, are so outdated that maybe my mother should have used it for her budget wedding. I suggest you buy "The DIY Bride" there are two great books with more recent things that will really help any bride.

I bought this book but I won't be using any of the ideas that they presented. A lot of the ideas look cheap (not in a good way), and not very practical to make. I wish I hadn't spent the money on this

book. Definitely not worth it.

The whole book just seems dated and not contemporary. You'll find a lot more & better ideas and tutorials online!

Wasn't helpful to me, very costly things. If you're looking for cakes this is the one for you. I was looking for more favors and decorations.

I love this book! It has so many ideas for wedding decorations that I don't know how I'm going to choose which ones to make. It contains easy-to-follow instructions for each project and lots of beautiful designs. If you like to make things and want to save money on your wedding, buy this book.

With Pinterest and Google you can find more than half of the projects listed in this book. Don't waste your money on this book, save it for your wedding!

Love this book! I have so many book marks and many Post-its for my special day. A must have book for your special day.

Nothing new in here
