Customer Reviews

This descriptive book does a wonderful job of cataloging the various Effanbee dolls and their history. Numerous pictures (B&W and color) add tremendously to the value of this book for doll collectors interested in identification (price guides are also included for individual dolls).

I own many F&B collectible dolls----especially the older ones. I refer to this book very often. This book is well written, on very nice paper, and with wonderful photos.

The pictures are very nice and well put together according to date of manuf., but the beginning of the book is written in a very clumsy manner. I found trying to match a particular doll to when it was first manuf, or maybe revised later on, was very hard. The descriptions all ran into one-another, like a run-on sentence. It probably had to be written this way because F&B was so prolific. I still found it very informative.

This is a book I had been searching for. The price was excellent and the book was like new condition. It is wonderful to read about the many dolls in the Effanbee collection. The pictures are

awesome and it is packed with great information. Very happy I ordered this book.
