## Customer Reviews

We Ty plush collectors have been waiting for this book. This guide contains pictures and information on Ty plush that I had never ever heard of! The pictures are very well done, very clear. It also has information on Attics and Beanies, but it's the plush section that really makes it unique.

This guide gives you an in depth look at pictures and prices for the collectibles you have! Helps you to identify those pieces who may not have tags and assess their value. A MUST have for the Ty Plush collector!

a bit of a wait for it but does show lots of beanie babies and their value back in the day. book clean, no marks.

This book is an excellent source of information on Ty plush animals! It is a valuable addition to any collector! I got this for my mother, she collects Ty Bears, and she didn't realize how many were actually out there. Excellent book, very well put together!

Good guide.
