Customer Reviews

I had many questions with regards to my King and Milk Snake Program, & this book was able to answer them all, leaving my mind at ease. It was a used book but very well taken care of. It fit right into the ever growing library that I have started. I would recommend the seller to anyone needing reference materials for snakes anyway. Very quick shipping and the packaging was top notch.

I found this book to be extremely helpful and comprehensive. I definitely recommend it to others!
