The Cat Handbook (Barron's Pet Handbooks)

Synopsis

This book tells readers what they need to know about acquiring and caring for cats--both the ordinary household kind and the registered breeds. Here are facts, advice, and insights into feline psychology. Barron's Pet Handbooks present comprehensive information and helpful advice from breeders, veterinarians, and other pet experts on housing, feeding, health care, and where applicable, grooming and training. Filled with photo illustrations, these instructive books resemble Barron's alternate series, the Complete Pet Owner's Manuals, but the Handbooks have been written especially for pet owners who have some experience with animals. These books have larger page counts and contain more detailed information, advice, and instruction. Color photos throughout.
