Customer Reviews

This book was a great guide for people like me who needed some reassurance and guidance on how to care for these new members of our family. Full of practical and useful advice, I think everyone who is thinking of getting or has just gotten a cat would benefit from this book and I highly recommend it.

I love this book. So did our kitten. We already had a cat but got a new kitten which was pretty wild.

The book explained all we needed to know. Highly recommended.

The book has a lot of good advice. Our 19 year old cat died 2 months ago and we are getting Ragdoll Kitten and I want to do everything right with the new kitten.

Very informative

great book

I bought this book for my son just before he adopted a kitten. It is pretty basic, but easy to read. It gave a few good tips.

Great guide; a positive introduction to kittens and what to expect. Accessible and not intimidating. My kitten is thriving, and this book is a good, simple reference.
