Customer Reviews

I feel that this will be a great refresher tool for my Italian vocabulary as I head out for vacation in Italy. The only drawback, this format is not suitable for carrying around in my purse. I would like it even better if it folded down to a smaller size.

I use this when I am doing the Pimsleur Italian CD's and it is a very helpful to continue the process that I am learning with the CD's. It isn't necessary but I have enjoyed the increased information at the tips of my fingers.

Hoping this will help my daughter with her college Italian class that is kicking her butt. She says it's helping but waiting for final exam grade to know for sure. It is great quality and was shipped fast.

I love these Quick Study guides! My daughter has the French set, my husband has the German set and I have the Italian set. One day we would like to take a trip to Switzerland and we will be ready to speak whatever language we encounter. They are easy to use and fun and you can put together

sentences right away.

Great for any second language learner.I recommend for young and old alike. Headed to Italy, terrific guide!Easy to use and store.

Quick reference guide is handy when you get tired of constantly thumbing through various books to find answers to your questions.

It is exactly what I wanted.- perfect for our trip to Italy next month. thank you very much. Terry C

I like that it is laminated and it is good for a quick review and study. I would recommend this.
