Great cookbook. Kids have raved about everything I've made from it so far. There's a ton of recipes. Each one is fairly simple, but has a twist that makes the meal stand out. Case in point the recipe that's cooking in my slow cooker at home right now, which spices up a garlic-honey-soy sauce with Parmesan cheese, which really works. I like it too that the recipes come from ordinary cooks around the country: the recipes really do come pretested in a home context, which is what I need when making dinner. Oh, and the book is really pretty--glossy paper, nice photographs. Wins all around.

I've never been disappointed by a Taste of Home cookbook yet...and this one is no exception. I've been on the hunt for a decent slow cooker cookbook and this one is terrific! It's broken into the four seasons, with appetizers, side dishes, main courses, soups/sandwich fixings, and desserts for each season. There are recipes for all sizes of slow cookers, from 3 quart up to 6 quart, while some of the recipes are pretty simple (with only a few ingredients), while others require a bit more time and work. There are also a lot of full color, wonderful pictures. If I was going to give someone a slow cooker as a gift, this is the cookbook I'd include with it, hand's down!

I went through several books in the store. This one is awesome because it gives you several recipes from appetizers, drinks to entrees, but broken up by the year (summer, fall, winter, spring). Pictures are a must for me and a majority of the recipes have pictures. Glossy pages, it is an awesome book!

I always love Taste of Home cookbooks. I also love slow cooker recipes, so this is a perfect combination. I have already used a few of the recipes and they have turned out very tasty.

I received an excellent copy of the cookbook, The Slow Cooker. I am delighted with it, having made several recipes from it already. I gave three copies of the book as gifts, too.

This is a very good cookbook. I love using my slow cooker because it is easy and after a busy day I have a great meal. It is also easy to have a great meal and not heat up the kitchen during the hot summer days.

I love Taste of Home and love their recipes. So when I got a new crock pot I thought I would get it. I use it regularly every month. I love the way it is broken down by the seasons.

A great book for slow cooker meals. It is separated into sections by season, so it is easy to pick out something good to make anytime of the year!
