This cookbook is nothing short of amazing. I'm not great in the kitchen, and I always have 4 little ones helping me cook. The I Heart Naptime Cookbook has simple, easy and delicious recipes. Even I can make something, and it turns out every time! My kids and I are hooked, and we love turning the pages to see what we want to try next which is easy to do because each recipe has a picture of the finished product. The desserts are especially phenomenal. I got told several times that the

caramel crinkle cookies I made were outstanding and that I should sell them. People thought for sure that it was an old family recipe that had been handed down from generation to generation. When I told them that I just came across the recipe and had made them for the first time that day they were shocked. Do yourself a favor. Buy a copy of this book and start cooking!

This cookbook is as beautiful as it is tasty. Every recipe is amazing. My favorite part is the picture with EVERY recipe so I have an idea of what the food "should" look like when I'm done. There are a lot of cookbooks out there, but this one is a must have!

Okay, I am not a chef by any stretch, BUT...I do have to put food on the table every night for my family. I was happy to be sent this ARC in exchange for an honest review because this cookbook is packed with easy, FAMILY-FRIENDLY (seriously, my kids will actually eat this stuff) ideas I can crank out in the span of a short hour. My kids no longer nap, but our schedules are tight and jam-packed, and quick meals are the name of the game! Grab a copy now and thank yourself later!

This cookbook is amazing! I was lucky to be a recipe tester as Jamielyn was fine-tuning her recipes. The recipes are for food my family will eat and love, but they also quick and easy to make with normal ingredients already in my pantry. I probably tested about a third of the recipes in the book. My favorites are the granola (it's seriously out of this world!) and the cookies 'n cream cupcakes from scratch! I haven't made cupcakes without a boxed cake mix before, but now I won't go back. Oh, and the lasagna soup! Even my picky 3 year old asked for seconds. I loved all the recipes I have tried so far. Besides recipes that make me feel like a rock star in the kitchen this cookbook also has some simple crafts and helpful kitchen/cooking tips. I would highly recommend this cookbook.

Everything in this book looks incredible. I love that the recipes can all be made in a reasonable amount of time (I have no time for recipes that take 2+ hours like in some cookbooks). Jamielyn's conversational tone comes through in her writing and it feels like you're chatting with a friend and she is telling you how to make her killer recipes. Can't wait to see her next book!

I love this cookbook. Recipes are easy to follow and the additional tips are incredibly helpful. I love that Jamielyn included pictures of her family as well. It helps me feel like she "gets it" when it comes to cooking with a house full of little mouths to feed!

I bought my cookbook in the kindle version. I love cooking with my daughter in Kansas and easy to take with me. I love the pictures. They are easy recipes to follow. I just might have to add this cookbook to my daughters Christmas list. Very happy with this cookbook.

The I Heart Naptime Cookbook is AMAZING!! I have already tried 2 dessert recipes and 4 dinner recipes, and 2 breakfast recipes and my family has loved and devoured them all! I can't wait to keep trying new recipes from this incredible book! Definitely a must buy!!!
