Customer Reviews

While I make waffles all the time, I mostly just make buttermilk waffles. Since the family loves them so much, I decided to check this book out and see if there was something new I could try. What an excellent decision. The peanut butter waffles in this book are to die for, I think I got my money's worth with that single recipe. We eat chicken and waffles all the time, so when I saw the maple bacon waffles, I decided to put my fried chicken breasts on top of those instead of the classic. This was probably THE MOST delicious combination I've ever had. This book is perfect for those who are looking for a little waffle variety

Wow this book was a lovely surprise. The wife got a waffle maker for Christmas, so upon seeing this book in the âœrecommendedâ•list, I decided to give it a try. The nice surprise comes from the

introduction that teaches you the different types of leavening agents and methods you can use to cook the waffles. My personal favorite has been the sweet white chocolate waffles. Theyâ™re deliciously sweet but not too sweet to skip the syrup. Iâ™ve also had the classic chocolate chip, and the classic waffles, which were pretty good as well. So far Iâ™ve had plenty of fun tweaking the sweetness and cook time to what I prefer

There is nothing better than waking to the smell of my wife making me these delicious waffles. maybe its love she puts in them or maybe these are just really good (honestly she's not a very good cook so i'm guessing its the recipes) a definite buy if your looking for something for a delicious breakfast

I love waffles, but gave up trying to make them because they never turned out the way I wanted. Thanks to the awesome tips in this book, I now have my waffle maker working like a charm! The waffles are so good now! Thanks for the awesome help!

Has some good recipes- some of them are delicious, some not so much. There may be some errors in the book- the multigrain recipe is exactly the same as the regular waffle and missing the "multi" piece.

Peanut Butter Waffles top the charts. Banana Nut bread were even better.
