Customer Reviews

Here is another Better Homes and Gardens cross stitch Christmas winner! If you like to stitch and are building a library of good quality books, add this one to it. Here are a variety of Christmasy items to stitch from the fifties forward, and some Victorian also. There is even a board game to be passed down as an heirloom. I received my book in New condition even though I only paid \$4.00 including shipping. What a deal and with the price of single pattern books today, how can you go wrong with this. All charts are color and symbol charted. There are also some pattern shapes to use in the back of the book. About 100 pages.

Cross Stitch Christmas Book with patterns and photographs of finished products. Some items are quite "dated", but some items are quintessentially Christmas and are therefore universally appealing. For the price (used) it is a great deal if you have lots of time on your hands and are looking for some new Counted Cross Stitch projects.
