The Cakebread Cellars Napa Valley Cookbook: Wine And Recipes To Celebrate Every Season's Harvest

Synopsis

When Dolores and Jack Cakebread bought their ranch in 1972, they didn't know a thing about growing grapes or making wine. As they began building their family business one bottle at a time, they focused on one simple philosophy—that food and wine should be enjoyed in the company of good friends. Today, Cakebread wines are enjoyed in fine restaurants around the world and Cakebread Cellars is a destination winery offering award-winning labels, a series of renowned culinary events, and welcome haven for friends new and old. In THE CAKEBREAD CELLARS NAPA VALLEY COOKBOOK, Dolores and Jack team with resident chef Brian Streeter to share more than 120 seasonal recipes and wine suggestions perfected in the Cakebread kitchen over the past 30 years. Using produce plucked from Dolores's garden and featuring fresh ingredients from Napa's artisan food purveyors, the Cakebreads share such seasonal masterpieces as Sea Scallops with Sweet Corn, Roasted Peppers, and Shiitake Mushrooms, and Roast Pork Loin with Apple Brandy and Whole-Grain Mustard Sauce. Woven throughout is the story of Dolores and Jack, who along with their three sons and three daughters-in-law, managed to turn an old cow pasture into one of Napa's premier wineries. Featuring Jack's archival winery photographs and contemporary location and food photography, THE CAKEBREAD CELLARS NAPA VALLEY COOKBOOK reflects the Cakebreads' devotion to each other, to the business, and to bringing folks together to celebrate every season's harvest. More than 120 recipes and wine pairings from one of Napa Valley's venerable wine families. Includes recipes created by renowned chefs such as Narsai David and Alan Wong during the Cakebread's annual culinary program, the American Harvest Workshop. With 18 full-color food shots, archival photographs of the winery's early days, and location photography spotlighting the picturesque Napa Valley. Reviews—A remarkable tale of a pioneering life in the California wine country; Jack and Dolores Cakebread's personalities really speak from the pages and Brian Streeter's delicious, sun-drenched recipes wrap the whole thing up into a totally tasty experience. —Martha Holmberg, publisher, Fine Cooking magazine—The Cakebread family saga is deliciously and lovingly told in this creative book. Open a Cakebread wine, prepare one of Dolores's seasonal dishes and know that life is good. —Mike and Mary Ann Cleary, cohosts, Food and Travel Radio—The American Harvest Workshop, created by Dolores and Jack Cakebread, is singular in bringing together American chefs in a convivial, relaxed environment to explore and exchange ideas. Chefs leave the Cakebreads inspired and energized by the process. I'm delighted to see it all brought together in this new book. —Narsai M. David, food & wine editor, KCBS Radio

Customer Reviews

By Bill Marsano. If you haven't heard of Jack and Dolores Cakebread it's probably because their wine is so fine it's always on allocation--there's not enough to go around, so the annual production is allocated to customers and restaurateurs who supported the Cakebreads when they founded their family winery in Napa in 1973. Still, you can get a taste of the Cakebreads and their way of life through this handsome book, written with their resident chef, Brian Streeter. One guiding principle here is the seasons: They dictate life at the winery, and so the recipes are seasonal as well. Another guiding principle is "Napa style"--the kind of relaxed elegance the area has become known and envied for. It's simple, stylish and superb. The recipes are clearly presented one to a page in legible type, and they come from many sources. Of course one expects Hispanic and Italian dishes--the Spanish discovered the place and the Italians were among the first to grow wine there. But the Cakebreads have cast their net wide to cover most of the Mediterranean basin--southern France, Morocco, Greece are also included--and there are Pacific Rim and Asian influences as well. And just for lagniappe, there are several recipes contributed by guest chefs at the Cakebreads' annual American Harvest Workshop. After a few pages of this you are going to have a powerful inclination to get yourself out to Napa. You could do worse. --Bill Marsano is a James Beard award-winning writer on wines, food and travel.

I am fond of cooking and cookbooks, and picked this one up sight unseen. While I enjoyed reading

the recipes, I confess that the majority of meals look expensive to me and include lots of specialty ingredients that I just don't think will be easy to find or will appeal to my family. I don't cook with lamb, rabbit, or fancy seafood, duck or venison, and while reading about the recipes was different, I confess I was disappointed I was not hankering to make any. I was able to find a few recipes in the main menu, and quite a few in the desserts section, but overall I confess the food looks a bit too epicurean for my tastes and I don't see myself using this book that often. I just don't have a lot of people who will eat "Soft Tacos with Chipotle-Braised Rabbit, Black Beans, and Pickled Cabbage", including myself. My advice would be to check out the recipe list included before buying to see if the meals are your speed.

SPECTACULAR PICTURES, Informative Introduction and Mouth Watering Recipes. If anyone has been lucky enough to have visited this Winery up in Napa or better yet fortunate enough to have had the pleasure of a glass of Cakebread Chardonnay (or even if you have not) this book is wonderful in presentation and perfect for a Gift no matter what the occasion. Gift Ideas; for that Boss that has everything but appreciates good wine and good food, Housewarming, Present for that Culinary Art Student. If you have friends who love to entertain and your going over during the Holidays... instead of bringing a bottle of wine (like everyone else) give this book, Holiday Gift Basket (with of course of bottle of their wine)((Smile))I purchased this book the first day it came out and went over it with my Executive Chef; we are always looking for new ideas especially with all the Holiday parties coming up. Recipes are set for each Season throughout the year. I am only giving it 4 Stars because I would say the instructions are not for the novice cook/chef at home, I think the recipes are written as if you know (and I mean "KNOW") your way around a kitchen. The authors have tried to balance the "fancy recipes" with the easier ones to prepare and that is pretty consistent throughout the book from the Salads to the Desserts. I collect a lot of cookbooks and I am famous for collecting cookbooks that I will never use but still want them in my library(just check out my other "Listmania Lists").....I'd have to say that there are a few good recipes in this cookbook that I definitely feel confident enough to try on my own:Phyllo Purses filled with Goat Cheese, Chives and Lemon ZestWarm Goat Cheese Salad with Pancetta, Shaved Fennel, and Sliced PearsPan Roasted Halibut with Orange, Sherry and River Ranch HoneyBaby Back Ribs with Red Wine Vinegar, Rosemary and Sweet PeppersRoast Pork Loin with Apple Brandy and Whole-Grain Mustard SauceApple and Cranberry Crispl must add in respect to Desserts there are only 2 that are standard the rest are pretty fancy.Respectfully Reviewed

Great Photos, Nice excerpt from the Cakebread Family. I have been to this winery in California and it is wonderful. Great tours, great hospitality, and a great tasting room. The recipes are very detailed with very nice photos throughout. Makes a great centerpiece when not being used in the kitchen!

I purchased this book many years ago and it has become a well worn favorite. I own at least 100 cookbooks and enjoy many of them for different reasons. Some are just for the joy of browsing and reading. Others are for cooking -- like this one. Of the dozen or more recipes I have prepared, each has been fantastic. I often use recipes as a guideline and take my own liberties but not here, I have found there is not much room for improvement. So I follow them to the letter. Delicious! So excited to see they have another book out. Just ordered it!

Outstanding. Received a copy as a gift, and the gifter commented that she regretted not getting a copy for herself. So now I've returned the favor. Most recipes are very manageable, with readily available ingredients.

Good reference

Thanks.
